Earlier Experience with:

C# • DotNet • Java

Have an idea with:

Angular • Rust • Unity/Godot

ABOUT ME

I am a backend software developer working professionally since 2017. Now I live in Innsbruck, Austria.

Focused on building reliable backend systems with Node.js, Go, Php, Docker, Linux, messaging and real-time communication. Capable of full-stack work when needed, using JavaScript, HTML and CSS.

Experienced with distributed systems, microservices, cron jobs, message queues, caching layers and performance-oriented backend design.
